PRESS RELEASE

On the Morning of 15 March 2022, the Taskforce for Anti-Money Laundering, Terrorism Financing and Proliferation Financing of the Ministry of Foreign Affairs and International Cooperation (MFA.IC) organized a Webinar on the dissemination of the "Law on Combating the Financing of Proliferation of Weapons of Mass Destructions" under the presidency of H.E. Mr. LUY David, Secretary of State of the MFA.IC, with participation of 178 representatives from Foreign Non-Governmental Organizations (FNGOs) in Cambodia, the Ministry of Interior and the media.

This webinar was organized as parts of Cambodia's commitment and efforts to fulfill her obligations under the United Nations Security Council's (UNSC) resolutions on combating the financing of proliferation of weapons of mass destruction, which is also in line with the Financial Action Task Force's standards. Throughout the Webinar, the Law on Combating the Financing of Proliferation of Weapons of Mass Destruction was disseminated in order to deepen FNGOs' understanding on the content and legal framework of the law and encourage them to implement their obligations as the reporting person/entity. Such implementation will show their cooperation with the Royal Government of Cambodia and the international community to apply measures to prevent, control, suppress and eliminate the financing of proliferation of weapons of mass destructions. The participants discussed and exchanged views on procedures for Cambodia, particularly the reporting person/entity, to implement the UNSC's resolutions.

At the end of the Webinar, the participants were encouraged to widely disseminate the above-mentioned contents to their colleagues and the public to ensure effective implementation of this work.
